Salary

\$35 to \$55 per hour

Job Details

Full time position

Benefits

Paid vacation, Medical/Dental/Vision/Life insurance, 401K retirement program with match.

Other Responsibilities

- Complete plumbing repairs, renovations, and other related service calls.
- Work to ensure quick, accurate repairs and installations.
- Knowledge of local plumbing codes.
- Proven track-record in soldering, pipe threading, fixture installation, gas leak testing and repair.
- Install repair and maintain plumbing systems in commercial and residential environments.
- Perform minor to complex service work on plumbing systems.
- Work with blueprints and job specifications as it applies to the craft.
- Identify proper materials and quantities for new and existing projects.
- Work alongside crew to ensure overall success of the business.
- Maintain a clean, organized job site and well-inventoried truck.
- Report to work on time when scheduled.
- Highly organized with exceptional follow-through abilities.
- Strong desires to be a better technician tomorrow than you are today.
- Professional appearance and personality.
